Recessed Electric Fireplace
NOVA INDOOR/OUTDOOR

Recessed Electric Fireplace

The NOVA Recessed Electric Fireplace follows the long lineage of industry changing electric fireplaces. This is the first Outdoor Rated Electric Fireplace available in the market. The fully enclosed electric fireplace construction is built and designed to accommodate any environmental occurrence such as rain and other coastal factors. The Nova is a 120V non-heat model and operates with a wall switch. The Nova creates a perfect ambiance for any moonlight setting.
