LANDSCAPE PRO™ MULTI STUDIO SUITES

Modern Flames Landscape Pro Multi Studio Suites are artfully crafted and American Made. These mantels are specifically designed for our Landscape Pro Multi for either a wall mount or recessed mount application. Constructed with solid hardwoods, the Studio Suites are available in a classic Espresso or white paint grade ready for the DIY’er to finish it off themselves. For wall mount applications simple attached the Landscape Pro Multi to the wall and then attached the Suites mounting brackets for the top and bottom pieces. In a recessed mount installation, the Landscape Pro Multi will be recessed into the 2” x 4” wall. The additional fireplace that is exposed from the wall will be finished off with the top and bottom wood furniture pieces. These Studio Suites are the perfect way to finish off this fully featured electric fireplace.
