ABOUT US

Modern Flames was established in 2008 and has quickly become the innovative leader in contemporary electric fireplace design and technology. After pioneering the linear electric fireplace throughout North America, Modern Flames’ brand has skyrocketed with many firsts to market which include; the first linear recessed electric fireplace, the first fully built-in electric fireplace, the first outdoor electric and now the first steam electric fireplace. Modern Flames has reinvented the electric fireplace look with its NEW Hybrid-FX™ flame technology. Modern Flames’ products have gained notoriety with architects, designers, builders and homeowners for its unbelievable life-like flame appearance, ease of installation and affordable cost to the builder compared to wood and gas. With global movement into greener building and high efficiency products, Modern Flames’ new FusionFire™ technology allows consumers to achieve the look of a fireplace without sacrificing the realism of a real fire. With a new corporate headquarters and expanded warehouse in Phoenix, Arizona, along with its new steam technology, Modern Flames continues to be a leader in the electric fireplace industry. Modern Flames is innovating the industry standards of tomorrow.

CONTENTS

4-7 Sedaona Pro™ Multi Series
Multi Sided Views with Multiple Installation Configs

8-13 RedStone Series
Built-in Flush Mount Electric Fireplace Insert

14-15 Sunset Charred Oak Logs
Electric Log Set - Li-ion Battery or Plug-in
SEDONA PRO™ MULTI SERIES
Multi Sided Electric Fireplace

- MULTI SIZES: 30", 36" & 42"

SEDONA PRO™ MULTI DIMENSIONAL DRAWING SHOWN BELOW
Modern Flames has revamped its built-in, flush mount conventional fireplace category with its new RedStone electric fireplace. The RedStone feature our new Hybrid-FX™ flame technology maximizing the flame height in an enlarged vertical viewing area. Some of the eye-catching features include high intensity RGB independently controlled up lighting, down lighting & flame color. Other standard features include 10 different unique colors to choose from, variable and thermostatically controlled heat, variable motor controls, timer, push button and remote controls. This conventional design can slide into an existing Zero Clearance wood burning fireplace or will need 10” of depth in a wall for the built-in flush mount look. The RedStone plugs into a standard outlet and includes a 5000 BTU heater. Acrylic crystal media and driftwood logs are both standard media & the RedStone is available in sizes 30”, 36” & 42”.

STANDARD FEATURES
- Hybrid-FX™ Flame Technology
- 10 Unique Flame Colors
- Acrylic Crystal Ember Bed
- Low Energy LED Flame Technology
- Touch Button Controls
- New Sleek Remote
- Can be Installed Beneath a TV
- Variable Heat with Thermostat
- Variable Flame Controls
- 120 Volt Plug
- Do It Yourself Installation Instructions
- Finish Trim Kit Included
**REMOTE CONTROL INCLUDED**

Separate controls for on/off, variable heat and variable flame with independent flame and ember bed variable colors.

**Separate controls for on/off, variable heat and variable flame with independent flame and ember bed variable colors.**

The 6 button control panel is located at the top right on fireplace and includes a digital readout thermostat. From right to left, button #1 turns the fireplace on or off. Button #2 controls ember bed lights. Button #3 controls the flame colors. Button #4 turns the heater on or off. Button #5 controls timer setting to turn off fireplace at selected time, and button #6 adjusts the desired heater temperature.

**REDSTONE SERIES**

**Independent Flame & Ember Bed Color Combinations**

**Stoll Face Options**

**STOLL FACES are available in black or bronze, for RedStone 36”.**

**UPGRADE MEDIA**

Cannon Balls - Available Sizes: 2”, 4”, & 6” (9 shown)
