ABOUT US
Modern Flames was established in 2008 and has quickly become the innovative leader in contemporary electric fireplace design and technology. After pioneering the linear electric fireplace throughout North America, Modern Flames brand has skyrocketed with many firsts to market which include; the first linear recessed electric Fireplace, the first fully built-in electric fireplace, the first outdoor electric and now the first steam electric fireplace. Modern Flames has reinvented the electric fireplace look with its NEW Hybrid-FX™ flame technology. Modern Flames’ products have gained notoriety with architects, designers, builders and homeowners for its unbelievable life-like flame appearance, ease of installation and affordable cost to the builder compared to wood and gas. With global movement into greener building and high efficiency products, Modern Flames’ new FusionFire™ technology allows consumers to achieve the look of a fireplace without sacrificing the realism of a real fire. With a new corporate headquarters and expanded warehouse in Phoenix, Arizona, along with its new steam technology, Modern Flames continues to be a leader in the electric fireplace industry. Modern Flames is innovating the industry standards of tomorrow.

Modern Flames Landscape Pro Multi Studio Suites are artfully crafted and American Made. These mantels are specifically designed for our Landscape Pro Multi for either a wall mount or recessed mount application. Constructed with solid hard woods the Studio Suites are available in a classic Espresso or white paint grade ready for the DIY'er to finish it off themselves. For wall mount applications simple attach the Landscape Pro Multi to the wall and then attached the Suites mounting brackets for the top and bottom pieces. In a recessed mount installation, the Landscape Pro Multi will be recessed into the 2" x 4" wall. The additional fireplace that is exposed from the wall will be finished off with the top and bottom wood furniture pieces. These Studio Suites are the perfect way to finish off this fully featured electric fireplace.

LANDSCAPE PRO SLIM 56” DIMENSIONAL DRAWING SHOWN
Modern Flames new Spectrum Slimline has revamped the recessed electric fireplace category. This 2” x 4” or wall mount installation electric fireplace has removed the large black glass surround and is finished off with a sleek 5/8” trim to maximize the viewing area. Hardwoods or tile and be finished right up to the opening of the fireplace while still keeping in mind serviceability. The Spectrum Slimline features high intensity flame and emberbed lighting showcasing our new Hybrid-FX™ flame technology independently controlled with 12 different color options. Other standard features include variable & thermostatic heat, variable motor controls, timer, push button and remote controls. The acrylic crystal media and driftwood logs are both standard media and the Spectrum Slimline is available in 50”, 60”, 74” & 100” sizes.
SPECTRUM SLIMLINE SERIES
Independent Flame & Ember Bed Color Combinations

The 6 button control panel is located at the top right of fireplace including a digital readout thermostat. From right to left, button #1 turns the fireplace on or off. Button #2 controls ember bed lights. Button #3 controls the flame colors, #4 turns the heater on or off. Button #5 controls timer setting to turn off fireplace at selected time, and button #6 adjusts the desired heater temperature.
